The Farm

Manufactured by **Adalio** of Modena, The Farm is a classic 'derby day' style redemption game. Available in 3-player format, this game is well suited for FEC's. Each player has to race their animal across the track to the finishing line as balls are skillfully rolled and dropped into the win holes.

Beautifully presented and expertly constructed, **Adalio's** Farm will certainly grab attention in any amusement establishment.

New style seatbelt

Our recently introduced custom-made click lock buckle seatbelt is used on all our rides where restraint is required.

It can also be retro-fitted to other manufacturers' rides.

A high strength seatbelt with 40mm webbing, the buckle is load tested to 200kg. The double action, two button opening of the buckle ensures that it cannot be opened accidentally.

This is a robust seatbelt manufactured entirely in the UK by a specialist company that provides restraints and harnesses to the marine and building sector.
